Alan Blangille

Software developer

+54-11-2482-8212 · alanblangille@gmail.com · alanblangille.pro/
José Mármol, Buenos Aires

EXPERIENCE

Andreani Grupo
Logístico
2024 – Present

Ssr. NET Developer

Greater autonomy and involvement in task planning, incorporating new technologies such as Microsoft Orleans, MongoDB, and Apache Kafka, optimizing processes, and contributing to architectural decisions.

Andreani Grupo
Logístico
2022 - 2024

Jr. NET Developer

Taking on greater responsibility, I focused on backend microservices development, applying best practices such as Clean Architecture, CQRS, and TDD.

Andreani Grupo
Logístico
2022- 2022

IT Trainee

As a trainee, I applied the knowledge acquired at university. I participated in backend development with .NET and frontend development with JavaScript and React, as well as working with SQL databases.
